

5 Mistakes You Are Making

Eddie Haddad

To summarize this lesson, we'll go right into the 5 mistakes that you might be making as a guitarist (in no particular order).

If you find yourself making any of these mistakes I'm about to tell you, make sure to watch the lesson video to find out exactly what you gotta do to fix it IMMEDIATELY! :)

Without further ado, here are the 5 mistakes you might be making as a guitarist:

1. Not Practicing Vibrato
2. Playing With A Lack Of Dynamics
3. Not Using Your Voice To Create Musical Ideas
4. Misusing The Metronome
5. Practicing Scales Linearly

Take heed of these mistakes you might be making and act quickly to fix them! And don't worry, in the video I show you exactly what you need to do to make that happen. You know I've got your back!

Non-Linear A Minor Scale Example
